

One of the world's leading impact asset managers, Finance in Motion focuses on sustainable economic, social and environmental development in low- and medium-income countries. With nearly EUR 2 billion in assets under management, the company attracts capital from private investors to leverage public sector contributions. Our funds provide debt or equity primarily for local financial institutions and increasingly for project and corporate finance. We are active in more than 30 countries across Southeast and Eastern Europe, the Middle East and North Africa and Latin America, where we foster small business and rural development, green energy production, and natural resource protection.

Since its foundation in 2009, the company has consistently recorded year-on-year growth and expanded into new regions and topics. Due to this ongoing success, Finance in Motion is seeking an
