

The Giessen Center for Materials Research & SPP 1708 „Material Synthesis near Room Temperature“ invite you to the

Workshop on *in situ* and *operando* Characterization Methods in Materials Synthesis

September 18 - 20, 2019, New Chemistry Building, JLU Giessen

Including Survey Lectures,
in-depth Tutorials & Lab Tours

Scope of Methods:

- Raman Spectroscopy
- X-Ray Diffraction (XRD)
- Photoelectron Spectroscopy (XPS)
- Nuclear Magnetic Resonance Spectroscopy (NMR)
- X-Ray Absorption/Emission Spectroscopy (XAS /XES)

Sep 20, 2019, 11:00 am
Keynote Lecture
Prof. Dr. Wolfgang Bensch
(CAU Kiel)
