Erläuterungen

VORBERMUNG

Zum Wintersemester 2011/2012 haben die Master-Studiengänge Geographie und Getränketechnologie sowie der Lehramtsstudiengang L1 mit Unterrichtsfach Islamische Religion neu begonnen. Die Zahl der Studienanfänger/innen ist im Vergleich zum Vorjahr deutlich - um etwa 1.000 - gewachsen. Außerdem wurde die Fachsemestertabelle mit den Mehrfächer-Studiengängen um die Mehrfächer-Master ergänzt und die Übersichtstabelle "Studierenden im Zweithörerstatus" wurde aufgrund der unwesentlichen Fallzahlen gestrichen.

Auf die folgenden Neuerungen und Besonderheiten ist hinzuweisen:

- Die Studierenden im Studiengang Lehramt an Grundschulen mit Unterrichtsfach Islamische Religion werden bei den Studierenden im Lehramt an Grundschulen mitgezählt (Spalte 15 in den Übersichtstabellen im A-Teil). Die Zahl der Einschreibungen in dem spezifischen Studiengang kann anhand der Studierenden mit Abschluss L1 (Spalte 15) unter der Fächerbezeichnung "Turkologie/Isl.Rel." abgelesen werden.
- Die Studierenden der auslaufenden L4-Studiengänge finden Sie in der Zeile "FR Berufl. L4". Bei Bachelor und Master "Berufliche und betriebliche Bildung" (BBB) sind sowohl die Fachrichtungen (Landwirtschaft, Hauswirtschaft, Nahrungsgewerbe) als auch die gewählten Unterrichtsfächer ausgewiesen. Die Fachrichtungen Metalltechnik bzw. Elektrotechnik, die in Kooperation mit der FH Gießen-Friedberg angeboten werden, finden Sie in den Übersichten zusammengefasst in der Zeile "Beruf.Bild. ME". Die Verteilung auf die Fächer ist in der Fachsemestertabelle "Aufbaustudiengänge (incl. BBB/L4)" (B-94) abgebildet.
- Belegungszahlen von Nebenfächern und Studienelementen im Diplom sowie von 3. Nebenfächern, Studienelementen und weiteren Fächern im Magister werden nur in den Fachsemestertabellen (B-Teil) gesondert ausgewiesen. Da weiterhin sämtliche Studienfälle in allen Fächern erfasst werden, führt dies in den Übersichtstabellen zu auffallend hohen Fallzahlen bei den "Anderen Abschlüssen" (Spalte 27).
- In den Fachsemestertabellen (B-Teil) werden die Abschluss-Kategorien stärker differenziert als in den Übersichtstabellen (A-Teil), so dass die Zahl der Studienfälle bei den "Sonstigen Fällen" nicht deckungsgleich ist. Dieser Unterschied wird dadurch verbal gekennzeichnet, dass in "Andere Abschlüsse" (A) bzw. "Sonstige Abschlüsse" (B) unterschieden wird. (NB: in diese Kategorien fallen u.a. Abschlüsse wie Aufbaustudiengänge, Zusatz- oder Zertifikatsprüfungen.)

- In der Kennzahl der Studierenden, die einen "ersten berufsqualifizierenden Abschluss" (EBAb.) anstreben, wird eine relevante Bezugsgröße für die Ziele des Hochschulpaktes 2020 zur Verfügung gestellt.

* Einige Detailauswertungen über die Fachwahlen bei Nebenfächern, Studienelementen sowie weiteren Fächern werden nur in den Fachsemestertabellen (Teil B) gesondert ausgewiesen.

Die folgenden Kategorien sind nur in den Fachsemestertabellen spezifisch erfasst:

"Master weitere Fächer", "Diplom - Nebenfach+Studienelement", "Magister 3. Nebenfach+Studienelement+w.F."

In den Übersichtstabellen (Teil A) werden die "Master weitere Fächer" in Spalte 9 und die verbleibenden Fälle unter "Andere" (Spalte 27) subsumiert; die "Sonstigen Abschlüsse" in den Fachsemestertabellen sind demgegenüber entsprechend vermindert.
