

Workshop

Basic Didactic Principles and Teaching Methods for members of the GGL

Handout – Digital Tools

Most useful digital tools

Chat platforms

- BigBlueButton chat (the official web conference tool at the JLU)
- Slido: <https://www.sli.do/>

Polls

- BigBlueButton poll (the official web conference tool at the JLU)
- Slido: <https://www.sli.do/>
- Mentimeter: <https://www.mentimeter.com/features/live-polling>

Virtual handouts

- Interactive PDFs (comment tools or fill and sign function): www.adobe.com

Surveys, multiple choice tasks and quizzes

- BigBlueButton survey (the official web conference tool at the JLU)
- Online questions: <https://onlinequestions.org/>
- Tweedback: <https://tweedback.de/?l=en>
- Kahoot: <https://kahoot.com/>
- Mentimeter: <https://www.mentimeter.com/features/quiz-presentations>
- Particify (in German): <https://particify.de/features/quiz-und-umfragen/>

Virtual whiteboards, etherpads and brainstorming/mind maps (collaborative work)

- BigBlueButton whiteboard (the official web conference tool at the JLU)
- Zumpad (etherpad): <https://zumpad.zum.de/>
- Conceptboard: <https://conceptboard.com/>
- Mentimeter: <https://www.mentimeter.com/features/presentation-maker>
- Mural: <https://www.mural.co/>
- Draw chat: <https://draw.chat/>

Digital concept cards

- Oncoo (German tool, but you can write contents in English): <https://www.oncoo.de/>

Feedback

- Oncoo („Zielscheibe“ [Target] – in German): <https://www.oncoo.de/Zielscheibe/>
- Any tool with multiple choice questions (see above)

Teaching session manager (timer, random generator, calendar, QR code generator, etc.)

- La Digitale (in German): <https://ladigitale.dev/digiscreen/>

When choosing a digital tool, follow the **rules of data protection** (licenses, copyright, etc.) and respect the **principles of online safety!**
